
AP StocksCap 2.1.2

This version is recommended for all PC users using FTP.

Changes from version 2.1.0

-resolved bug that occurred when Windows 2000 users installed Windows 2000 Hotfix - KB824141.

Changes from version 2.0.90:

-added an FTP menu to the main screen with "Download New", "Download All", and "Purge Now".

-added better proxy support (uses Internet Explorer Proxy Settings).

-added ability to automatically download a new file on the ftp site, even if the file has been already downloaded for the day.

***Note: This version will not allow the use of a separate FTP client.

Please contact AP Stocks support at 1-800-3AP-STOX (327-7869) if you need help installing this program.
